EARTHQUAKE INFORMATION ANNOUNCEMENT

Dear Members of Yaşar University,

We are all deeply sorry for the earthquake that occurred in Kahramanmaraş and affected 10 cities. We hope you and your relatives are well.

The Disaster Support Coordination Team, which we established due to the disasters that occurred in the past years, has prepared the following information regarding the activities to be carried out in our University:

1. We receive requests for help on different issues. However, we try to get accurate information from the Governorship of İzmir and AFAD, the Ministry of Youth and Sports, İzmir Metropolitan Municipality and İzmir Disaster Platform and write to you in line with this information.

2. There is an urgent need for blood donation at first hand. We discussed positioning a blood donation vehicle in our campus with the Turkish Red Crescent. However, it does not seem possible at the moment due to the high demands received by the Red Crescent. Blood donation is an urgent need. For daily blood donation points in İzmir you can follow this link; www.instagram.com/egebkm

3. Based on the confirmed needs lists we received, you can bring the **brand new (which are not used before)** materials listed below to Y001 at Y-Block Ground Floor (infirmary floor) until **Wednesday, February 8, 17:00**. The collected materials will be transferred to the earthquake zone through the institutions mentioned above.

- a. Sleeping bags (all age groups)
- b. Handwarmers
- c. Underwear (all age groups)
- d. Gloves (all age groups)
- e. Blankets
- f. Winter boots (all age groups)
- g. Sanitary pads
- h. Diapers
- i. Powerbanks
- j. Wet wipes
- k. Hot water bag
- l. Socks
- m. Coats
